Since 2015 we have been fundraising to build a new skating arena for the Town of Ituna and Area. We have tried to keep accurate records of our many supporters along the way. If you notice we are missing a name, have incorrect spelling, recognition or contribution mistake, please let the building fund members know. We will make the proper corrections prior to the permanent recognition wall being completed.

To donate to this project and add your name to the recognition wall please contact a building fund board member:
